

# FRTek News Letter

March, 2017

## Lighting Fair 2017 (Tokyo, Japan)

FRTek participated in lighting fair 2017 for 4 days in March. Lighting fair was hosted by Japan lighting association and major lighting, components, measurement equipment company participated in this exhibition.

FRTek introduced various lighting and sensor technology with combining wireless telecommunication. FRTek was given many requests from famous lighting company, distributors in Japan and even southeast Asia. FRTek expect that our lighting business will expand to Japan and other countries with many company we met.
